

PRAGUE

Prague, capital of the Czech Republic, is bisected by the Vltava River. Nicknamed “the City of a Hundred Spires,” it’s known for its Old Town Square, the heart of its historic core, with colorful baroque buildings, Gothic churches and the medieval Astronomical Clock, with a popular show. Completed in 1402, pedestrian Charles Bridge is lined with 30 statues of saints.

Its epic history has produced a vibrant city of stunning buildings and lovely old squares, with the result that today Prague is one of the world’s most beautiful cities.
